2026/1144 - Recorded crimes and missing suspect nationality

In response to your recent request for information regarding;

I am requesting recorded information under the Freedom of Information Act 2000 about the completeness of suspect/accused nationality recording.

Please provide the figures for North Wales Police.

Period: 1 January 2025 to 31 December 2025 inclusive, based on the date the crime was first recorded by your force. Please cover all crime types, using information as held when you extract the data.

1. Crime totals

Please provide these aggregate counts:

A. Total recorded crimes in the period.
B. Of A, crimes with no identified suspect or accused person linked to the crime record.
C. Of A, crimes with at least one identified suspect or accused person linked.
D. Of C, crimes where nationality is missing or unknown for every linked identified suspect/accused.
E. Of C, crimes where nationality is missing or unknown for at least one linked identified suspect/accused, including cases where another person's nationality is recorded.

Count each crime once within each row. D is included within E; these are not additional crimes to add to A. Please keep cases with no identified suspect separate from cases involving an identified person whose nationality is missing. Please use and state your system's normal definition of an identified linked suspect/accused, excluding anonymous placeholders.

2. Suspect/accused totals

For the identified suspect/accused records linked to the crimes in A, please provide:
F. The total number of those suspect/accused records.
G. The number of F whose nationality is missing or unknown.

Please state whether F and G count unique people or person-to-crime links. Either is acceptable if used consistently. Please exclude victims, witnesses and anonymous/unidentified suspect placeholders.

For D, E and G, "missing or unknown" means blank/null, not recorded, not known, unknown, not stated, unspecified or equivalent missing-value codes. Please identify the codes included. If readily available, split G between blank/null and the other missing/unknown codes.

Please state the extraction date and the recorded-crime definition used, including whether cancelled/no-crimed records or any offence categories are excluded.
