

Response Date:17/10/2025

2025/1026 - Crime data

In response to your recent request for information regarding;

I am requesting daily-level data on Anti-Social Behaviour (ASB) incidents, crimes, and related police and court outcomes covering the years 2002 to 2025. The data currently available on data.police.uk is aggregated monthly, but for research purposes, daily data is necessary to analyze the temporal relationship between national football matches and subsequent hate crimes, particularly in relation to players of colour in UK national football teams.

The dataset should include:

Date of each incident or crime,

Type/category of offence,

Outcome of police or court process where applicable,

Location data (if possible within privacy regulations).

Clarification requested;

You have asked for "ASB incidents, Crime, and related police and court outcome" however ASB is non-crime: it will not have an outcome in the typical sense.

Please could you confirm what you require?

Clarification received;

To clarify, we are requesting data specifically on hate crimes only, not Anti-Social Behaviour (ASB).

We seek a dataset similar to that published on <https://data.police.uk/data/>, but with the exact day of each hate crime event included rather than aggregated monthly.

We understand that ASB is a non-crime incident type and therefore do not require any ASB data or related outcomes.

Please see the attached data.

THIS INFORMATION HAS BEEN PROVIDED IN RESPONSE TO A REQUEST
UNDER THE FREEDOM OF INFORMATION ACT 2000, AND IS CORRECT AS AT 16/10/2025
