2025/1115 - Dangerous Dogs Act 1991 – Sections 1 & 3 Seizure, Incident and Enforcement Data (2020–2025)

In response to your recent request for information regarding;

I am requesting information under the Freedom of Information Act 2000 relating to your enforcement of the Dangerous Dogs Act 1991 (Sections 1 and 3).

Please provide data held by your force for the period 1 January 2020 to the present date, covering the following:

Dog Seizures

- **The total number of dogs seized under:**
 - a) Section 1 of the Dangerous Dogs Act 1991**
 - b) Section 3 of the Dangerous Dogs Act 1991 Please provide totals for each calendar year.**

We were part of an Alliance with Cheshire Police, however this has now ended and do not have access to the data held prior to 2025. These figures are only approximate as we didn't split until the 1st of July so the figures only represent the 2025 cases that were still ongoing between the 1st of Jan and the 30th of June as we lost access to the finalised cases for these dates. Anything beyond the 1st of July is accurate.

We only have access to data from 2025 which is as follows –

Section 1 – 23
Section 3 – 12

Incident Reports

- **The total number of incidents recorded or reported under Section 3 of the Act (i.e. dogs dangerously out of control) for the same period.**

Public Reports

- **The total number of reports or complaints received from members of the public alleging a dog to be of a prohibited type under Section 1 for the same period.**

All offences related to sections 1 and 3 of the Dangerous Dogs Act 1991:

Current Custody Data (2025)

- The total number of dogs currently held in police kennels under (a) Section 1 and under (b) Section 3.

14 Section 1 – 14 Section 3

- What is the maximum capacity of kennel space for your force

Concerns have been raised in relation to disclosing the capacity of Kennel space as it is believed this will identify locations of the businesses used.

Therefore, a public Interest Test has been carried out to weigh up the reasons for and against disclosure; to ensure the release is in the interest of the public as a whole and not just the applicant.

Section 31 (1) Law Enforcement
Section 38 (1) Health and Safety

These exemptions are a prejudice based qualified exemption, therefore there is a requirement to articulate the harm that would be caused in confirming or not that the information is held as well as carrying out a public interest test.

Overall Harm

Disclosure of kennels providers directly or indirectly can undermine the process of preventing or detecting crime and put the facilities at risk.

Section 38 provides an exemption from disclosing information if it would endanger any individual (including the applicant, the supplier of the information or anyone else).

The exemption does not necessarily deal with what are commonly thought of as health and safety matters such as establishing the cause of an accident.

Section 38 focuses on two particular areas where disclosure of information would or would be likely to endanger:

- i. the physical or mental health of any individual, or
- ii. the safety of any individual.

Disclosure of businesses/organisations details not in the public domain is likely to cause issues, distress and upset to those working there.

Public Interest Test – S31(1) Law Enforcement:

Considerations favouring disclosure

The public can have informed discussions on the matter.
Disclosure could lead to better public awareness of its activities and its resources.

Considerations favouring non-disclosure

Disclosure of capacity could identify the locations which could allow any individuals currently under investigation to use the information released to attempt to influence the outcome of the investigation, through intimidate or harassment of the witnesses etc.

Therefore, by applying an exemption providing further information would prevent law enforcement resources from being compromised and would retain the Police force's ability to prevent and detect crimes.

Public Interest Test - Section 38(1) Health & Safety

Considerations favouring disclosure

The public can have informed discussions on the matter.

Considerations favouring non-disclosure

It would be appear unfair to place into the public domain information which is likely to cause an individual, for example the facility, distress as disclosure could cause unwanted contact /attention from those interested in this case and possibly intimidation or harassment.

Balancing Test

The issues of accountability and transparency are noted. However we cannot release information that would lead to the identification of the locations as this would then compromise our law enforcement role or put individuals at risk.

It is recognised that transparency is the fundamental objective of the Freedom of information Act and this leads itself to a presumption of disclosure. However, this has to be balanced against the harm that would be caused to law enforcement and individuals by providing any information which would lead to the identification of the kennels used.

It this case the decision is for non-disclosure.

In accordance with the Freedom of Information Act 2000, this letter acts as a Refusal Notice under section 17 (1) of the legislation.

and does your force operate the IES - if so how many S1 dogs are currently under this scheme
