2026/1002 - Traffic and highway safety

In response to your recent request for information regarding;

May I request information concerning reports and incidents relating to traffic and highway safety in and around Well Street CH72PQ and Rose Lane, Mynydd Isa/Llong for the period 1 January 2023 to 1 October 2026.

The purpose of this request is to establish whether there has been a change in the level of traffic and highway-safety related reports/incidents over this period, and in particular whether there was a further change following the occupation of Hawthorn Meadows (159 house development on Well Street), which commenced in approximately March 2026.

I appreciate that incidents involving road users aren't necessarily reported to or recorded by the police under a specific "traffic" classification.

E.g. road rage, aggressive behaviour between road users or disputes may be recorded under Public Order, Anti-Social Behaviour (ASB), or another classification or referrred to neighbourhood policing.

I'm therefore interested in the underlying reports/incidents relating to traffic and highway safety, rather than solely incidents which have been administratively classified as "traffic".

Please provide, monthly figures for the period 01/01/2023 to 30/09/2026 for reports/incidents in Well Street and Rose Lane which relate to traffic or highway safety, including but not limited to:
road traffic collisions;
dangerous or aggressive driving;
road rage or disputes between road users; speed; obstruction of the highway; vehicles being driven or used in a manner creating a highway-safety concern; vehicles being driven over driveways, verges inappropriate areas; dangerous, inconsiderate or anti-social use of vehicles; other reports or incidents where the principal concern relates to the safe use of the highway

including property damage If incidents have been recorded under another classification, including but not limited to public order or ASB, please include them where your systems allow them to be identified.
I'm interested in the number of reports received, rather than only the number of offences subsequently recorded or incidents resulting in police attendance.

Please would you therefore provide separately by year, month, road,

the number of reports/calls/occurrences received; the number of incidents subsequently recorded; and the number of incidents attended by police.
If these terms have a specific meaning within your recording system, please explain the distinction.
Please could you include figures where reports have been made/referred to neighbourhood policing or GoSafe?
Please also advise:
which incident/report classifications or categories were searched in compiling the figures; whether reports relating to road rage, aggressive driving or disputes between road users are normally recorded under Public Order, ASB or other categories; whether your systems allow such incidents to be identified through incident descriptions, keywords etc.
If it is not possible to identify all traffic/highway-safety related incidents where they have been recorded under another category, please provide the information that can be identified and explain the limitation.
The area of particular interest is:
Well Street CH72PQ and Rose Lane Mynydd Isa and the junction between the two, and between Hawthorn Meadows and Rose Lane, along Well Street past The Stables/Paddocks/ Ty Gwyn.
I'm not seeking any personal information relating to individuals.
If the information requested is not held as described above, please could you provide the closest information rather than treating the request as limited to incidents formally classified as "traffic".

Our information is set up and searchable for our policing purposes. To obtain the information in the format you have requested would involve manually reviewing each record on our force system. The cost of providing you with the information is above the amount to which we are legally required to respond i.e. the cost of retrieving the information exceeds the 'appropriate level' as stated in the Freedom of Information (FOI) Fees and Appropriate Limit regulations 2004.

Therefore, in accordance with the FOI Act 2000 the information you have requested is exempt under Section 12 (1), and this letter acts as a Refusal Notice under section 17 (5) of the legislation.

Although excess cost removed the forces obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.

Incident Calendar Year	Incident Calendar Month	Event Latest Category	Event Latest Description	Arrive Time Recorded
2023	Jul	TRANSPORT	RTC	N
2023	Sep	CRIME	PUBLIC_ORD_CRIME	N
2024	Aug	ASB	ASB_NUIS_LOW	N
2024	Oct	TRANSPORT	ROAD_RELATED_OFF	N
2025	Apr	TRANSPORT	ROAD_RELATED_OFF	N
2026	Feb	TRANSPORT	RTC	Y
2026	Aug	TRANSPORT	ROAD_RELATED_OFF	N
