**2026/1097 - Framework or contract and the framework provider**

In response to your recent request for information regarding;

**I would like to request the following information about the service areas listed below.**

**1. Current arrangements**
**For each area, please say whether the force currently buys these services through a framework agreement or contract. If it does, please provide:**
**a) The name of the framework or contract, and the framework provider and lot number if applicable (for example, Crown Commercial Service or BlueLight Commercial)**
**b) The supplier(s) appointed**
**c) The contract value (total value and annual value if available)**
**d) The expiry date, including any extension options**

**2. Planned tenders**
**For each area, does the force intend to tender, re-tender or call off from a framework in the next 12 months? If so, please give the expected timescale and the planned procurement route.**

**Service areas:**
**1. Leadership development: reviewing, designing, delivering and evaluating leadership programmes for officers and staff 2. Staff wellbeing: organisational wellbeing reviews or benchmarking, and preventative wellbeing services 3. Gender-responsive practice: research, reviews or reform programmes on gender-responsive policing, including violence against women and girls (VAWG) and the treatment of women in custody and the justice system 4. Technology advisory: independent advice on technology products, technology procurement support and implementation support, including custody systems and custody data 5. Programme and product evaluation: independent evaluation of programmes, pilots or products 6. Specialist analytical and technical training: analyst training, evidence-based policing briefings, and training in R, QGIS or Power BI 7. Public safety and resilience: emergency preparedness, command training, testing and exercising, assurance, event security and counter-terrorism preparedness 8. Career transition: outplacement, resettlement or career transition support for officers and staff**

Please find attached a full list of all our live contracts.

Some individual's names have been removed as this is classed as personal data and to disclose would be a breach of the Data protection act therefore exempt under section 40 (2) of the Freedom of Information Act.
Therefore, in accordance with the Freedom of Information Act 2000, this letter acts as a Refusal Notice under section 17 (1) of the legislation.

Additionally, concerns have been raised in relation to disclosing the kennels.

Therefore, a public Interest Test has been carried out to weigh up the reasons for and against disclosure; to ensure the release is in the interest of the public as a whole and not just the applicant.

Section 31 (1) Law Enforcement
Section 38 (1) Health and Safety

These exemptions is a prejudice based qualified exemption, therefore there is a requirement to articulate the harm that would be caused in confirming or not that the information is held as well as carrying out a public interest test.

Overall Harm

Disclosure of kennel providers/forensic company details can undermine the process of preventing or detecting crime and
put the facilities at risk.

Section 38 provides an exemption from disclosing information if it would endanger any individual (including the applicant, the supplier of the information or anyone else).

The exemption does not necessarily deal with what are commonly thought of as health and safety matters such as establishing the cause of an accident.

Section 38 focuses on two particular areas where disclosure of information would or would be likely to endanger:

i. the physical or mental health of any individual, or
ii. the safety of any individual.

Disclosure of businesses/organisations details not in the public domain is likely to cause issues, distress and upset to those working there.

**Public Interest Test – S31(1) Law Enforcement:**

Considerations favouring disclosure

The public can have informed discussions on the matter.
Disclosure could lead to better public awareness of its activities and its resources.

Considerations favouring non-disclosure

Any individuals currently under investigation could also use the information released to attempt to influence the outcome of the investigation, through intimidate or harassment of the witnesses etc.

Therefore, by applying an exemption providing further information would prevent law enforcement resources from being compromised and would retain the Police force's ability to prevent and detect crimes.

**Public Interest Test - Section 38(1) Health & Safety**

Considerations favouring disclosure
The public can have informed discussions on the matter.

Considerations favouring non-disclosure
It would be appear unfair to place into the public domain information, which is likely to cause an individual, for example the facility, distress as disclosure could cause unwanted contact /attention from those interested in this case and possibly intimidation or harassment.

**Balancing Test**
The issues of accountability and transparency are noted. However, there is some information in the public domain and North Wales Police have answer Freedom of Information requests regarding this case. We cannot release further information that would compromise law enforcement role of the force or put individuals at risk.

It is recognised that transparency is the fundamental objective of the Freedom of information Act and this leads itself to a presumption of disclosure. However, this has to be balanced against the harm that would be caused to law enforcement and individuals by providing kennel names.

It this case the decision is for non-disclosure.

In accordance with the Freedom of Information Act 2000, this letter acts as a Refusal Notice under section 17 (1) of the legislation.

THIS INFORMATION HAS BEEN PROVIDED IN RESPONSE TO A REQUEST
UNDER THE FREEDOM OF INFORMATION ACT 2000, AND IS CORRECT AS AT 13/10/2026
