2026/991 - Parcel thefts

In response to your recent request for information regarding;

I would be grateful if you could provide:

- **The number of recorded parcel theft offences in your force area for:**
  - **2023**
  - **2024**
  - **2025**
  - **2026 to date**
- **Any available trend data showing whether reports have increased or decreased over time.**
- **Any information on hotspots, common methods used by offenders, or seasonal trends if available.**

I would also welcome a brief comment covering:

- **Whether parcel theft is a concern in your force area.**
- **Any advice for residents expecting deliveries.**
- **The role doorbell cameras, CCTV and other digital evidence play in identifying suspects and securing prosecutions.**
- **Whether the force has seen an increase in reports around Black Friday, Christmas or other peak online shopping periods.**

Any campaigns, crime prevention initiatives or targeted operations undertaken to tackle parcel theft, particularly in the run-up to Christmas

Our information is set up and searchable for our policing purposes. To obtain the information in the format you have requested would involve manually reviewing each record on our force system. The cost of providing you with the information is above the amount to which we are legally required to respond i.e. the cost of retrieving the information exceeds the 'appropriate level' as stated in the Freedom of Information (FOI) Fees and Appropriate Limit regulations 2004.

Therefore, in accordance with the FOI Act 2000 the information you have requested is exempt under Section 12 (1), and this letter acts as a Refusal Notice under section 17 (5) of the legislation.

Although excess cost removed the forces obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.

Note the below data relies on Keyword searches and therefore may not be fully relevant to your request.
